GREAT ALONE.
BETTER TOGETHER.
INTEGRATED PALETTE IS A GROUPING OF PRODUCT LINES THAT WORK TOGETHER SEAMLESSLY TO ADAPT TO CHANGING NEEDS IN YOUR WORK ENVIRONMENT—ALLOWING MAXIMUM FLEXIBILITY IN CONFIGURATION, DESIGN AND CONNECTIVITY.
Dimensional Logic
Products share common dimensions to ensure they are compatible with one another across applications. Variation in scale and the progression from one scale to another is critical to make certain the space captures a changing rhythm and visual interest, yet feels consistent.

Planning Logic
Products are applied together using a consistent, coherent and intelligent relationship. A wide array of planning configurations can be created that combine a variety of platforms and span multiple elevations.

Materials Logic
Products are developed with continuity of materials in mind that encompass Design for Environment (Dfe) strategies ensuring materials are as sustainable as possible while retaining superior performance.

Finish Logic
A simplified offering of wood, glass, fabric, and laminate can be combined to create a range of visual “moods.” Finishes between products are consistent in availability and longevity, and their compatibility eases the specification process.

Visual Logic
Individual product platforms complement each other and create a visually coherent workspace. Products look like they were designed concurrently. They remain timeless, while providing the right mix of mass, scale and proportion.

Interface Logic
Interior architectural elements are considered when products are developed to leverage the connection to a raised floor and ceiling, or any built structure in between.

Interconnectivity Logic
Products connect to each other to ensure easy adaptability between and across platforms.

By infusing our product designs using seven design logics we’ve created the industries only truly integrated and fully adaptable kit of parts.

7 Design Logics
UNSCRIPTED DESIGN
ONE KIT OF PARTS. ENDLESS CONFIGURATIONS.

INTEGRATED PALETTE OFFERS PRODUCTS THAT RESPOND TO CHANGING BUSINESS NEEDS, SAVING TIME AND MONEY WHILE PROVIDING EASE AND FLEXIBILITY DURING CHURN AND SHIFTING WORKSTYLES.

There’s no set prescription. Just a simple, complete kit of parts to meet your unique needs and support various workstyles, applications, organizational cultures, and desired brand. The range of application will expand as new products enter the palette, ensuring that Haworth products will serve your evolving needs.
RETURN ON INVESTMENT
By providing optimum workspace configurations and multiple levels of adaptability to accommodate easy change and updating, Integrated Palette pays you back with enduring quality and reconfigurable layouts that cut waste, downtime, and expense.

REDUCED INVENTORY
Storing less inventory is always a benefit. With the inherent adaptability of Integrated Palette, you can change workspace easily with few extra parts. Reusable product reduces the need for purchasing new parts, as well as the need for a large inventory.

SINGLE-SOURCE SUPPLIER
Haworth’s full kit of parts and accessories is designed to create a high-performance interior, from access floors, power, data systems and lighting, to the Integrated Palette—moveable walls, systems, desks, storage, and accessories—that all work together.

SUSTAINABLE
The Integrated Palette represents a new approach to modular interiors. One that will enhance your work environment, while sparing valuable resources in the natural world. It will also prove a sustainable investment as your business needs evolve, changing with minimal cost, waste, and downtime.

LESS WASTEFUL CHANGES
Not only will it take you less time to change a space when churn occurs or workstyles shift, it will create less waste, and in the end will be less costly to reconfigure.

NO VACANCY
When space needs to be reconfigured for a new tenant, Integrated Palette’s moveable, adaptable products help speed up move-in times by making the process easy and quick.

EFFECTIVE USE OF BILLABLE HOURS
Because the product is easy to specify, the project will be easier to specify with a simple kit of parts.

SUSTAINABLE
The Integrated Palette represents a new approach to modular interiors. One that will enhance your work environment, while sparing valuable resources in the natural world. It will also prove a sustainable investment as your business needs evolve, changing with minimal cost, waste, and downtime.

ENDLESS POSSIBILITIES
Integrated Palette allows a designer to make a mark on any space. With thoughtful finishes, inviting aesthetics, full breadth of product, and abundant applications, the designer is truly the master artist.
